

Remote Meter Support Systems

Wall Brackets and Universal Brackets

Meter supports and brackets allow for simple and safe riser and meter set installation.

Features

- Epoxy coated (gray)
- Zinc-plated washers, bolts and nuts
- All parts are packaged for easy storage and handling
- 4", 6" and 9" fixed offset available
- Embedded nuts on fixed offset bracket
- Universal bracket design offers offset flexibility and accommodates 3/4" through 2" riser diameters
- Accessory posts available for non-foundation or remote bracket mounting

Benefits

- Superior coating to provide corrosion protection
- Provides flexible installation
- Reduces number of loose parts and ease installation
- Provides a bracket for all installation scenarios

Elster Perfection's brackets are epoxy coated (gray) with zinc-plated washers, bolts and nuts to protect against abrasive elements and provide long life.

Wall Brackets and Universal Brackets - connect with safety, integrity and speed

Remote Meter Support Systems

Size	Part Number
Kit for risers used with 1/2" and 3/4" plastic tubing	74494
Kit for risers used with 1" plastic tubing	74493
Kit for risers used with 1-1/4" and 2" plastic tubing	74489

Note: Bracket mounting hardware and support posts are included with each kit.

Wall Brackets

Size	Offset	Part Number
For risers used with 1/2" through 2" IPS tubing	4"	74506
For risers used with 1/2" through 2" IPS tubing	6"	74500
For risers used with 1/2" through 2" IPS tubing	9"	74491
For risers used with 3/4" through 2" IPS tubing	12"	74446
For risers used with 2" through 3" IPS tubing	9"	74508

Universal Mount Riser Brackets

Size	Part Number
Kit for foundation mount or remote meter installation (fits 3/4" through 2")	74440

Accessories

	Part Number
Wall mounting hardware (including lead anchors, washers and bolts)	09800
5' accessory post	31733

About Elster Group

A world leader in advanced metering infrastructure, integrated metering, and utilization solutions to the gas, electricity and water industries, Elster's systems and solutions reflect over 170 years of knowledge and experience in measuring precious resources and energy.

Elster provides solutions and advanced technologies to help utilities more easily, efficiently and reliably obtain and use advanced metering intelligence to improve customer service, enhance operational efficiency, and increase revenues. Elster's AMI solutions enable utilities to cost-effectively generate, deliver, manage, and conserve the life-essential resources of gas, electricity, and water.

Elster has over 7500 staff and operations in 38 countries in North and South America, Europe, and Asia.
